Fee Status Assessment Form 2019/20

Higher Education Courses (Please let us know if you require this form in large print)

Government legislation entitles educational institutions to assess the amount of fee students should pay according to their immigration and residence status. Please complete this form fully in order to help us determine the level of fee you are required to pay. Please be aware that the fee status assessment criteria for Higher Education courses are different to those used to assess fee status for Further Education courses. Therefore, even if you met the requirements for 'Home' fee status for a Further Education course you may not qualify for 'Home' fee status for a Higher Education course.

Please post / email your completed form, along with any supporting documents, to the relevant department.
